

Davenport Elementary School Students Donate Pennies For Pets

Davenport Elementary School students and staff, in the Canutillo Independent School District, donated their pennies to amass over \$900 for the Animal Rescue League of El Paso recently.

The event, titled “Pennies For Pets”, was sponsored by the school’s Mother-Daughter and Father-Son programs, which are under the supervision of teachers Amanda Scofield and Margarita Reza respectively. The event involved all students and staff in kindergarten through fifth grades.

“Students chose the Animal Rescue League for their community project this semester because it has a no kill policy for animals that are brought to the facility. The project united students, staff, and families and instilled a sense of empathy for homeless living creatures in their neighborhood,” stated Scofield.
