# Canutillo Independent School District Bill Childress Elementary School <br> 2018-2019 Improvement Plan 

Accountability Rating: Met Standard

## Distinction Designations:

Academic Achievement in Science
Top 25 Percent: Comparative Academic Growth
Top 25 Percent: Comparative Closing the Gaps
Postsecondary Readiness

Board Approval Date: September 25, 2018

## Mission Statement

To provide high quality educational opportunities that will inspire all students to acquire and use the knowledge and skills needed to become leaders and productive citizens in a culturally diverse and technologically sophisticated world.

## Vision

Bill Childress Elementary will provide a qualityand rigorous education that will enhance the diverse talents and needs of our population. Every child will be challenged to set productive goals for the future and will be given the opportunity to achieve those goals in our ever-changing technological society.

## Core Beliefs

Culture of Excellence
Student Centered
High Expectations
Accountability
Transparency

# Comprehensive Needs Assessment 

Revised/Approved: February 28, 2018

## Demographics

Demographics Summary

## Demographics Summary 2018-2019-- OUR CAMPUS STORY:

Bill Childress Elementary School in Canutillo ISD serves approximately 400 students and is located in Vinton, Texas. The school serves children in grades Pre-K through Fifth. There is a dual language program (English and Spanish) in which two-thirds of the students participate. All dual language sections in the school are "two-way", which means there are English dominant and Spanish dominant students in the same class. The campus has two half-day sections of Pre-Kindergarten. One section follows the Dual Language Model and the second section is taught in English. There are three full-day sections of kindergarten. There are also four first-grade sections; two are dual language, one is English monolingual, and another is a monolingual combo class serving first and second grade students. Second grade has two dual language sections and an English monolingual section. There are three third-grade sections and two are dual language. Grades four and five each have three sections and two sections in each grade level are dual language. Bill Childress also serves more than twenty students in Special Education. There are two classrooms with approximately 12 students with Autism. We are also home to the district Elementary Behavior Intervention Classroom with approximately 3 students, and the ability to serve more students as needed. Our gifted and talented program currently serves 40 students.

The ethnic distribution in the campus is $99 \%$ Hispanic and $1 \%$ White; of these students, $86 \%$ are

Economically Disadvantaged and $44 \%$ are learning English as their second language. At Bill Childress, 325 of the 400 students meet at least one of the criteria for at-risk of dropping out of school. The migrant program currently serves 13 students. Fortunately, there are federal, state, and district programs and funds that keep these students in school and over $90 \%$ will graduate. Given the current immigration climate, and despite the support they receive at school, some of our students are struggling with the threat of deportation and the fear of being separated from loved ones. This dynamic engenders insecurity which negatively impacts their learning.

The staff at Bill Childress Elementary are experienced and committed to students. There are 28.5 teachers of which 23.5 are Hispanic (Most are Bilingual) and 5 are White. Most of the teachers have taught more than five years. Almost a third of the instructors have more than twenty years' experience.

Bill Childress Elementary believes that all children should participate in healthy activities and the arts. Children have one hour of PE/recess four out of five days, and at least 45 minutes of music every week. Children are not pulled out of music and PE for academic remediation.

BCE is a campus that prides itself in recruiting and retaining high quality teachers. We continuously provide professional development opportunities to teachers to ensure they are providing our students the highest level of instruction. Our teachers and staff love the students, the school, and the community as a whole. Bill Childress Elementary School has an experienced staff with very little turnover. We hired three new teachers to replace three retiring teachers.

## Demographics Strengths

- The teacher and staff are able to identify students, achieve goals, and help students succeed.
- The Dual Language Program builds literacy in 2 languages.
- Our ability to retain teachers provides students with experienced educators.
- The students feel safe and secure when on campus.
- Diversity is accepted and respected and creates a safe learning environment.
- Open line of communication exists allowing for difficult conversations to take place and grow from the experience.

## Problem Statements Identifying Demographics Needs

Problem Statement 1: Parent engagement is not present in policy and decision making in curriculum. Root Cause: Parents have multiple responsibilities and work hours interfere with engagement.

Problem Statement 2: Student attendance rate is below 97\%. Root Cause: Parents do not understand or have little knowledge about the attendance laws and regulations.

Problem Statement 3: We do not have enough paraprofessionals to support the special education program and climbing enrollment. Root Cause: Lack of funding. Not enough money to hire needed personnel.

## Student Academic Achievement

Student Academic Achievement Summary

## Student Academic Achievement Summary- 2018-2019

## OUR CAMPUS STORY:

I-Station scores show more than $75 \%$ of the students at the school are reading at grade level.
STAAR Performance at "Approaching Grade Level" or above for 2017 were as follows:

- Reading 65\%; SPED 10\%; ELL 64\%; Econ Disadv 100\%
- 3rd-63\% 4th-61\% 5th-77\%
- Math 71\% ; SPED 27\%; ELL 69\% ; Econ Disadv 100\%
- 3rd- 66\% 4th- 62\% 5th-90\%
- Writing $56 \%$; SPED 0\%; ELL 52\%
- Science 74\% ; SPED 11\%; ELL 76\%

STAAR Performance at "Masters Grade Level" for 2017 was as follows:

- Reading $16 \%$ : 3rd-22\% 4th-15\% 5th-13\%
- Math 19\%: 3rd-15\% 4th-16\% 5th-27\%
- Writing $8 \%$
- Science 25\%

STAAR BCE earned one distinction for academic achievement in Science.

## Student Academic Achievement Strengths

- A system is in place to implement the RTI Program in a timely effective manner.
- I-station is being implemented with fidelity and the reports are used to address needs.
- STAR reading is implemented by all teachers with fidelity to promote reading.
- Intervention time is scheduled during the school day to ensure all students receive the help they need.
- Intervention tools are available for all students.

## Problem Statements Identifying Student Academic Achievement Needs

Problem Statement 1: Low Writing scores. Root Cause: Lacking a system for incorporating the rigor of writing concepts at ALL grades levels to meet the state expectations on the 4th grade assessment.

Problem Statement 2: Low Science scores. Root Cause: Lacking a system for incorporating the rigor of Science concepts at ALL grades levels to meet the state expectations on the 5th grade assessment.

Problem Statement 3: Low percentage of GT students reaching Masters level on state exams. Root Cause: Not promoting to students the importance of

Bill Childress Elementary School
8 of 84
Campus \#071-907-104
October 2, 2019 5:04 pm
achieving higher than the minimum passing score.
Problem Statement 4: Low Reading scores Root Cause: Lacking a system for incorporating the rigor of reading and writing concepts at ALL grades levels to meet the state expectations on the 4th grade assessment.

Problem Statement 5: Low Math scores in 3rd grade. Root Cause: Students lack foundational and problem solving skills and there is reading in the math.

## School Processes \& Programs

School Processes \& Programs Summary

## Processes \& Programs Summary 2018-2019-

## OUR CAMPUS STORY:

Teachers have embraced the district warranties: Use the Year at a Glance and the Instructional Focus Documents from TEKS Resource to guide their instruction. They meet as a PLC every week to plan instruction, identify students in need of interventions, analyze data, and design the interventions that meet the needs of the students. Teachers have utilized Common Unit Assessments designed by the PLC in order to track student progress and teacher effectiveness. Teachers continue to pursue the campus goal which is to ensure that every student can read at grade level. They continue to use I-Station to track student progress in reading and have incorporated Guided Reading as the mode of instruction to improve and meeting the student reading goal.

Professional Development will continue to be a priority especially in the core content areas: Reading, Writing, Mathematics, Science, social studies, special programs and technology

The governing body is the Campus Improvement Committee (CIC). The CIC is comprised of two-thirds instructional staff, other professional educators, parents, and community members. It meets once each month to discuss academic achievement and school improvement. The Instructional Leadership Team (ILT) meets once a semester and the main purpose is to focus on improving writing/reading for the entire campus. The members are looking at a vertical alignment through the use of various professional development such as the Writing Academy, Guided Reading, and Guided Math to ensure that writing occurs at every grade level and is embedded in the curriculum in a systematic manner.

Breakfast is served to every student to ensure that all students are offered the opportunity to start the day with a meal. Response to Intervention is afforded to every student three times per week during the school day during "Eagle Time." Enrichment time is offered to every student on Fantastic Fridays allowing students (regardless of gaps) to enjoy hands-on STEM activities, music, art, or literature. Students in 4th thru 5th grade participate in the Robotics competition at district level. A schedule has been developed to ensure Eagle Time and Enrichment time for every student at BCE.

Several programs are offered to our students for enrichment such as the Mother/Daughter - Father/Son program, library and counseling enrichment classes, Book Fair each semester, Safety Patrol and Kids Excel for our 4th grade students, Student Council for our 5th grade students, Robotics for 4th thru 5th grade, Science Fair, Spelling Bee (in both English and Spanish), UIL Competition, Braden Aboud, UNICEF bracelets, Nike Days once a month after school, and Wellness Program for all our staff who wish to join.

We continuously provide professional development opportunities to teachers to ensure they are providing our students the highest level of instruction. Our teachers and staff love the students, the school, and the community as a whole. BCE is a campus that prides itself in recruiting and retaining high quality teachers. Bill Childress Elementary School has an experienced staff with very little turnover.

All classrooms have at least 4 computers, and a data projector that is used daily. Many teachers also have an "elmo" that is also used daily. The campus has three computer labs that are used daily. Every student is in one of three computer labs at least twice each week. Typical uses of the labs are for assessments or computer aided instruction (CAI) in reading and mathematics. There are several software programs that are used consistently by teachers such as Lexia, I-station, Reading A to Z, Renaissance learning, STEM Scopes, and others. We currently have a technology committee and a 5
year Technology Plan, which was developed by the committee. The plan includes replacement and upgrade of equipment to ensure that our students are provided with the opportunity to have access to the latest technological equipment and software to assist in the acquisition of skills in the core content areas: ELA/SLA/reading, math, science, and social studies.

## School Processes \& Programs Strengths

- Faculty and staff have access to TEKS and YAG which is an opportunity to make the curriculum accessible to parents.
- Upper grade levels are using appropriate unit assessments to assess student learning and proactively provide the needed interventions to students.
- Teachers are attending professional development, implementing strategies acquired from professional development and monitored by admin to provide the best education possible.
- Scheduled time for PLC and planning every week is provided to teachers in K thru 5th grade, so they can collaborate and learn from each other.
- As a PLC, teachers provide interventions and seek solutions as needs arise in order to provide the best solution possible to any given problem.
- Low teacher and staff turnover allows for experienced teachers to provide high quality education for every student.

Problem Statements Identifying School Processes \& Programs Needs
Problem Statement 1: Vertical alignment is ambiguous and unclear, and needs specificity. Vertical alignment between teachers is lacking. Root Cause: Lack of time to meet vertically, Scheduling and lack of time interfere with vertical alignment.

## Perceptions

## Perceptions Summary 2018-2019--OUR CAMPUS STORY:

The campus has a strong Mother/Daughter Father/Son program with more than thirty members. The campus hosts Grandparents' Day, an open house that occurred the week before the first day of school, student performances, awards assemblies, and we recruit parents and community members to be voting members on the governing board. The parent liaison has recruited parent volunteers, bringing our total parent volunteers to 45 members. The parent liaison will continue to host parent meetings throughout the school year, conduct home visits for families in need, and coordinate classes for parents. One of the initiatives for this year is to engage parents in order to promote daily attendance of students. All communications go out in two languages (Spanish and English): School messenger, flyers, monthly calendars, teacher contact with parents through phone, apps and letters, and administrative contact with parents. Volunteers are helping out in the morning with Breakfast, as well as the office, the library, and the classrooms.

As part of our committee outreach we have established a partnership with 86 Battalion from Ft. Bliss, Center for Children of El Paso, and the Village of Vinton. We have several community organizations to serve our students such as the dental van, UNICEF, NIKE day, Braden Aboud, Kids Excel, Border Patrol, El Paso del Norte Foundation, and American Heart Association as guests for our students. Our parent liaison has scheduled Parent University classes hosted by Aliviane (Drug Trends).

The Organizational Health Individualized (OHI) Report was used to measure culture and climate for Bill Childress Elementary School. The May 2017 report reflected an increase on faculty/staff communication, staff morale, resource utilization and cohesiveness, but there was a shift in focus towards student achievement goals.

In order to promote vibrant college awareness, our students participate in the daily announcements and recite "My path to college begins at BCE..." which provides students the opportunity to select a university of their choice to attend. Our students are exposed to STEM activities through the opportunity to participate in Robotics. Fieldtrips to various colleges, universities, and businesses are scheduled for the different grade levels in order to promote a vibrant College and Career awareness. To close the year we host a College and Career Day.

Other activities throughout the year include Red Ribbon Week to promote being and staying drug free, Cyberbullying sessions to prevent bullying, No Place for Hate Activities throughout the year to promote kindness, Character Counts, and Generation Texas.

BCE continues to implement school wide PBIS effort with success. Students are recognized for academic and attendance achievements by faculty and staff through awards, incentives and celebrations.

## Perceptions Strengths

- Custodial and cafeteria staff are exceptional.
- Our school climate is safe and focused on learning.
- Student supervision is a priority for our campus.
- Customer service throughout the campus is positive.
- Routines and systems are in place to keep everyone safe.

## Problem Statements Identifying Perceptions Needs

Problem Statement 1: There is not enough personnel for special populations in the high priority units. We currently have 4 aides that are scheduled in the three units. Root Cause: Using the point evaluation system by Special Department it was reccommended that 2 aides be present at each of the SLC units and at least one aide be at the BIC unit (for a total of 5 aides).

Problem Statement 2: Playground equipment is torn, broken, old, unsafe. The school grounds are in need of repair. Root Cause: The age of the school grounds is over 20 years, and repairs have not been made as needed grounds have not been maintained.

Problem Statement 3: Insufficient community partnerships. Root Cause: Not enough time for staff members to find partnerships and apply for grants.

## Priority Problem Statements

Problem Statement 1: Playground equipment is torn, broken, old, unsafe. The school grounds are in need of repair.
Root Cause 1: The age of the school grounds is over 20 years, and repairs have not been made as needed grounds have not been maintained.
Problem Statement 1 Areas: Perceptions

Problem Statement 2: Parent engagement is not present in policy and decision making in curriculum.
Root Cause 2: Parents have multiple responsibilities and work hours interfere with engagement.
Problem Statement 2 Areas: Demographics

Problem Statement 3: Student attendance rate is below $97 \%$.
Root Cause 3: Parents do not understand or have little knowledge about the attendance laws and regulations.
Problem Statement 3 Areas: Demographics

Problem Statement 4: Insufficient community partnerships.
Root Cause 4: Not enough time for staff members to find partnerships and apply for grants.
Problem Statement 4 Areas: Perceptions

Problem Statement 5: Low Writing scores.
Root Cause 5: Lacking a system for incorporating the rigor of writing concepts at ALL grades levels to meet the state expectations on the 4th grade assessment.

Problem Statement 6: Low Science scores.
Root Cause 6: Lacking a system for incorporating the rigor of Science concepts at ALL grades levels to meet the state expectations on the 5th grade assessment.

Problem Statement 6 Areas: Student Academic Achievement

Problem Statement 7: Low percentage of GT students reaching Masters level on state exams.
Root Cause 7: Not promoting to students the importance of achieving higher than the minimum passing score.
Problem Statement 7 Areas: Student Academic Achievement

Problem Statement 8: Low Reading scores
Root Cause 8: Lacking a system for incorporating the rigor of reading and writing concepts at ALL grades levels to meet the state expectations on the 4th grade assessment.

Problem Statement 8 Areas: Student Academic Achievement

Problem Statement 9: Low Math scores in 3rd grade.
Root Cause 9: Students lack foundational and problem solving skills and there is reading in the math.
Problem Statement 9 Areas: Student Academic Achievement

## Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

## Improvement Planning Data

- District goals
- Campus goals
- Current and/or prior year(s) campus and/or district improvement plans
- Campus and/or district planning and decision making committee(s) meeting data

## Accountability Data

- Texas Academic Performance Report (TAPR) data
- Domain 1 - Student Achievement
- Domain 2 - Student Progress
- Domain 3 - Closing the Gaps
- Effective Schools Framework data
- Targeted support Identification data
- Accountability Distinction Designations
- Federal Report Card Data

## Student Data: Assessments

- State and federally required assessment information (e.g. curriculum, eligibility, format, standards, accommodations, TEA information)
- State of Texas Assessments of Academic Readiness (STAAR) current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) results
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Local diagnostic reading assessment data
- SSI: Istation Indicators of Progress (ISIP) accelerated reading assessment data for Grades 3-5 (TEA approved statewide license)
- Observation Survey results
- Istation Indicators of Progress (ISIP) reading assessment data for Grades PK-2

## Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically Disadvantaged / Non-economically disadvantaged performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Gifted and talented data
- Response to Intervention (RtI) student achievement data

## Student Data: Behavior and Other Indicators

- Attendance data
- School safety data

## Employee Data

- Professional learning communities (PLC) data
- State certified and high quality staff data
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data

## Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

## Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Budgets/entitlements and expenditures data
- Study of best practices

## Goals

## Revised/Approved: September 25, 2018

## Goal 1: Provide a Safe \& Secure Environment

Performance Objective 1: During the 2018-2019 school year, 100\% of Bill Childress faculty and staff will continue to participate and implement a safety and security plan based through the Emergency Operational Plan Committee by providing a safe and secure environment for all students, staff, and community members.

Evaluation Data Source(s) 1: EOP Meetings/ agendas/ Sign-In/ Minutes
Summative Evaluation 1: Exceeded Performance Objective
Next Year's Recommendation 1: $100 \%$ of Bill Childress faculty and staff will continue to participate and implement a safety and security plan based through the Emergency Operational Plan Committee by providing a safe and secure environment for all students, staff, and community members.

## Performance Objective 2 Problem Statements:

## Student Academic Achievement

Problem Statement 3: Low percentage of GT students reaching Masters level on state exams. Root Cause 3: Not promoting to students the importance of achieving higher than the minimum passing score.
Problem Statement 4: Low Reading scores Root Cause 4: Lacking a system for incorporating the rigor of reading and writing concepts at ALL grades levels to meet the state expectations on the 4th grade assessment.
Problem Statement 1: Low Writing scores. Root Cause 1: Lacking a system for incorporating the rigor of writing concepts at ALL grades levels to meet the state expectations on the 4th grade assessment.
Problem Statement 2: Low Science scores. Root Cause 2: Lacking a system for incorporating the rigor of Science concepts at ALL grades levels to meet the state expectations on the 5th grade assessment.
Bill Childress Elementary School

## Student Academic Achievement

Problem Statement 5: Low Math scores in 3rd grade. Root Cause 5: Students lack foundational and problem solving skills and there is reading in the math.

Goal 2: Increase Student Academic Achievement
Performance Objective 3: By Spring 2019, Bill Childress percentage of students reaching Mastery Level in STAAR, will increase in Reading from $16 \%$ to $18 \%$, in Writing from $14 \%$ to $16 \%$, in Science from $21 \%$ to $23 \%$, and in Math form $23 \%$ to $25 \%$.

Evaluation Data Source(s) 3: STAAR DATA
Summative Evaluation 3: Significant progress made toward meeting Performance Objective
Next Year's Recommendation 3: Mastery Level in STAAR will increase by 2\% in each content area.

## Performance Objective 3 Problem Statements:

## Student Academic Achievement

Problem Statement 1: Low Writing scores. Root Cause 1: Lacking a system for incorporating the rigor of writing concepts at ALL grades levels to meet the state expectations on the 4th grade assessment.
Problem Statement 2: Low Science scores. Root Cause 2: Lacking a system for incorporating the rigor of Science concepts at ALL grades levels to meet the state expectations on the 5th grade assessment.
Problem Statement 3: Low percentage of GT students reaching Masters level on state exams. Root Cause 3: Not promoting to students the importance of achieving higher than the minimum passing score.
Problem Statement 4: Low Reading scores Root Cause 4: Lacking a system for incorporating the rigor of reading and writing concepts at ALL grades levels to meet the state expectations on the 4th grade assessment.
Problem Statement 5: Low Math scores in 3rd grade. Root Cause 5: Students lack foundational and problem solving skills and there is reading in the math.

Goal 2: Increase Student Academic Achievement
Performance Objective 4: By Spring 2019, Bill Childress Elementary will increase the percentage of ELL students in the Dual Language Program passing all STAAR assessments from $75 \%$ to $77 \%$.

Evaluation Data Source(s) 4: Classroom observations, formative assessments, TELPAS, STAAR DATA
Summative Evaluation 4: Some progress made toward meeting Performance Objective
Next Year's Recommendation 4: Increase by 2\%, the ELL students who pass the STAAR assessment.

Goal 2: Increase Student Academic Achievement
Performance Objective 6: By May 2019, BCE will complete the Transition Action Plan for all 5th grade students, and open invitation to head-start students. BCE 5th grade students will tour CMS and will visit with middle school principal, parents will have the opportunity to visit with CMS principal.

Evaluation Data Source(s) 6: Calendar of Events, flyers, Parent Notices, Sign-In sheets
Summative Evaluation 6: Met Performance Objective
Next Year's Recommendation 6: Continue with transition plan for 5th grade students to have at least one field trip to the middle school during the school year. Headstart will have multiple fieldtrips to the school. Kinder teachers will meet with headstart students and parents to create a smoother transition.

| Chavira | At Risk Aide | Intervention | 1 |
| Gruever | At Risk Aide | Intervention | 1 |
| Perez | At Risk Teacher | Intervention | 1 |

## Title I Schoolwide Elements

## ELEMENT 1. SWP COMPREHENSIVE NEEDS ASSESSMENT (CNA)

## 1.1: Comprehensive Needs Assessment

Bill Childress Elementary School in Canutillo ISD serves approximately 440 students Pre-K thru 5th and is located in Vinton, Texas. There is a two way dual language program (English and Spanish) in which two-thirds of the students participate. The campus has two half-day sections of Pre-Kindergarten. One section follows the Dual Language Model and the second section is taught in English. Bill Childress also serves more than twenty students in Special Education. There are two classrooms that serve students with Autism and we are home to the district Elementary Behavior Intervention Classroom, Our gifted and talented program currently serves 40 students.

The ethnic distribution in the campus is $99 \%$ Hispanic and $1 \%$ White; of these students, $86 \%$ are Economically Disadvantaged and $44 \%$ are learning English as their second language. At Bill Childress, 325 of the 440 students meet at least one of the criteria for at-risk of dropping out of school. The migrant program currently serves 13 students. Fortunately, there are federal, state, and district programs and funds that keep these students in school and over $90 \%$ will graduate. Given the current immigration climate, and despite the support they receive at school, some of our students are struggling with the threat of deportation and the fear of being separated from loved ones. This dynamic engenders insecurity which negatively impacts their learning.

The staff at Bill Childress Elementary are experienced and committed to students. There are 28.5 teachers of which 23.5 are Hispanic (Most are Bilingual) and 5 are White. Most of the teachers have taught more than five years. Almost a third of the instructors have more than twenty years' experience. Bill Childress Elementary School has an experienced staff with very little turnover.

STAAR Performance at "Approaching Grade Level" or above for 2017 were as follows:

- Reading 65\%; SPED 10\%; ELL 64\%; Econ Disadv 100\%
- 3rd-63\% 4th-61\% 5th-77\%
- Math 71\% ; SPED 27\%; ELL 69\% ; Econ Disadv 100\%
- 3rd- $66 \%$ 4th- $62 \%$ 5th- $90 \%$
- Writing 56\% ; SPED 0\%; ELL 52\%
- Science 74\% ; SPED 11\%; ELL 76\%

STAAR Performance at "Masters Grade Level" for 2017 was as follows:

- Reading $16 \%$ : 3rd-22\% 4th-15\% 5th-13\%
- Math $19 \%$ : 3rd-15\% 4th-16\% 5th-27\%
- Writing $8 \%$
- Science $25 \%$

STAAR BCE earned one distinction for academic achievement in Science.
As part of our committee outreach we have established a partnership with 86 Battalion from Ft. Bliss, Center for Children of El Paso, and the Village of Vinton. We have several community organizations to serve our students such as the dental van, UNICEF, NIKE day, Braden Aboud, Kids Excel, Border Patrol, El Paso del Norte Foundation, and American Heart Association as guests for our students. Our parent liaison has scheduled Parent University classes hosted by Aliviane (Drug Trends).

The Organizational Health Individualized (OHI) Report was used to measure culture and climate for Bill Childress Elementary School. The May 2017 report reflected an increase on faculty/staff communication, staff morale, resource utilization and cohesiveness, but there was a shift in focus towards student achievement goals.

## STRENGTHS:

- The Dual Language Program builds literacy in 2 languages.
- Our ability to retain teachers provides students with experienced educators.
- The students feel safe and secure when on campus.
- Diversity is accepted and respected and creates a safe learning environment.
- Open line of communication exists allowing for difficult conversations to take place and grow from the experience.
- A system is in place to implement the RTI Program in a timely effective manner.
- Intervention time is scheduled during the school day to ensure all students receive the help they need.
- Custodial and cafeteria staff are exceptional.
- Our school climate is safe and focused on learning.
- Student supervision is a priority for our campus.
- Customer service throughout the campus is positive.
- Routines and systems are in place to keep everyone safe.

## PROBLEM STATEMENTS \& ROOT CAUSES:

Problem Statement :Parent engagement is not present in policy and decision making in curriculum.
Root Cause :Parents have multiple responsibilities and work hours interfere with engagement.
Problem Statement :Student attendance rate is below 97\%.
Root Cause :Parents do not understand or have little knowledge about the attendance laws and regulations.
Problem Statement : We do not have enough paraprofessionals to support the special education program and climbing enrollment.

Root Cause :Lack of funding. Not enough money to hire needed personnel.
Problem Statement: Low Writing scores.
Root Cause: Lacking a system for incorporating the rigor of writing concepts at ALL grades levels to meet the state expectations on the 4th grade assessment.
Problem Statement: Low Science scores.
Root Cause Lacking a system for incorporating the rigor of Science concepts at ALL grades levels to meet the state expectations on the 5th grade assessment.
Problem Statement: Low percentage of GT students reaching Masters level on state exams.
Root Cause: Not promoting to students the importance of achieving higher than the minimum passing score.
Problem Statement: Low Reading and Writing scores
Root Cause:Lack a system for incorporating the rigor of reading and writing concepts at ALL grades levels to meet STAAR expectations on the Writing assessment.
Problem Statement: Low Math scores in 3rd grade.
Root Cause: Students lack foundational and problem solving skills and there is reading in the math.
Problem Statement:Vertical alignment is ambiguous and unclear, and needs specificity. Vertical alignment between teachers is lacking.
Root Cause:Lack of time to meet vertically, Scheduling and lack of time interfere with vertical alignment.
Problem Statement:There is not enough personnel for special populations in the high priority units. We currently have 4 aides that are scheduled in the three units.
Root Cause:Using the point evaluation system by Special Department it was reccommended that 2 aides be present at each of the SLC units and at least one aide be at the BIC unit (for a total of 5 aides).
Problem Statement:Playground equipment is torn, broken, old, unsafe. The school grounds are in need of repair.
Root Cause:The age of the school grounds is over 20 years, and repairs have not been made as needed grounds have not been maintained.

## ELEMENT 2. SWP CAMPUS IMPROVEMENT PLAN (CIP)

## 2.1: Campus Improvement Plan developed with appropriate stakeholders

Will revise CIP on a quarterly basis and reviewing during flexible CIC meetings scheduled at various times.
The governing body is the Campus Improvement Committee (CIC). The CIC is comprised of two-thirds instructional staff, other professional educators, parents, and community members. It meets once each month to discuss academic achievement and school improvement. The focus on improving writing/reading for the entire campus. The members are looking at a vertical alignment through the use of various professional development such as the Writing Academy, Guided Reading, and Guided Math to ensure that writing occurs at every grade level and is embedded in the curriculum in a systematic manner.

We continuously provide professional development opportunities to teachers to ensure they are providing our students the highest level of instruction. Our

## 2.2: Regular monitoring and revision

Every CIC meeting contains an agenda item that requires the committee to review and revise the CIP as needed. Members of the CIC bring data, concerns, and issues that need to be addressed so that the campus can improve.

## 2.3: Available to parents and community in an understandable format and language

CIP will be located in various places, in different formats, and at request of parent will be available in other language(s).

## 2.4: Opportunities for all children to meet State standards

All classrooms have at least 4 computers, and a data projector that is used daily. Many teachers also have an "elmo" that is also used daily. The campus has three computer labs that are used daily. Every student is in one of three computer labs at least twice each week. Typical uses of the labs are for assessments or computer aided instruction (CAI) in reading and mathematics. There are several software programs that are used consistently by teachers such as Lexia, I-station, Reading A to Z, Renaissance learning, STEM Scopes, and others. We currently have a technology committee and a 5 year Technology Plan, which was developed by the committee. The plan includes replacement and upgrade of equipment to ensure that our students are provided with the opportunity to have access to the latest technological equipment and software to assist in the acquisition of skills in the core content areas:
ELA/SLA/reading, math, science, and social studies.
Teachers meet as a PLC every week to plan instruction, identify students in need of interventions, analyze data, and design the interventions that meet the needs of the students. They have identified students who mastered STAAR the previous year, and are continuously monitoring performance in Unit Assessments, weekly assessments, and daily performance to ensure "No one goes backwards".

Our migrant tutor and migrant program tracks the migrant students and provide us with a monitoring list on a quarterly basis to ensure that students who are failing are receiving interventions and services to help them improve and help them succeed.

Response to Intervention is afforded to every student three times per week during the school day during "Eagle Time." Enrichment time is offered to every student on Fantastic Fridays allowing students (regardless of gaps) to enjoy hands-on STEM activities, music, art, or literature. A schedule has been developed to ensure Eagle Time and Enrichment time for every student at BCE.

## 2.5: Increased learning time and well-rounded education

Bill Childress Elementary believes that all children should participate in healthy activities and the arts. Children have one hour of PE/recess four out of five days, and at least 45 minutes of music every week. Children are not pulled out of music and PE for academic remediation.

All classrooms have at least 4 computers, and a data projector that is used daily. Many teachers also have an "elmo" that is also used daily. The campus has three computer labs that are used daily. Every student is in one of three computer labs at least twice each week. Typical uses of the labs are for assessments or computer aided instruction (CAI) in reading and mathematics. There are several software programs that are used consistently by teachers such as Lexia, I-station, Reading A to Z, Renaissance learning, STEM Scopes, and others. We currently have a technology committee and a 5 year Technology Plan, which was developed by the committee. The plan includes replacement and upgrade of equipment to ensure that our students are provided with the opportunity to have access to the latest technological equipment and software to assist in the acquisition of skills in the core content areas:
ELA/SLA/reading, math, science, and social studies.
Several programs are offered to our students for enrichment such as the Mother/Daughter - Father/Son program, library and counseling enrichment classes, Book Fair each semester, Safety Patrol and Kids Excel for our 4th grade students, Student Council for our 5th grade students, Robotics for 4th thru 5th grade, Science Fair, Spelling Bee (in both English and Spanish), UIL Competition, Braden Aboud, UNICEF bracelets, Nike Days once a month after school, and Wellness Program for all our staff who wish to join. Students in 4th thru 5th grade participate in the Robotics competition at district level.

In order to promote vibrant college awareness, our students participate in the daily announcements and recite "My path to college begins at BCE..." which provides students the opportunity to select a university of their choice to attend. Our students are exposed to STEM activities through the opportunity to participate in Robotics. Fieldtrips to various colleges, universities, and businesses are scheduled for the different grade levels in order to promote a vibrant College and Career awareness. To close the year we host a College and Career Day.

Other activities throughout the year include Red Ribbon Week to promote being and staying drug free, Cyberbullying sessions to prevent bullying, No Place for Hate Activities throughout the year to promote kindness, Character Counts, and Generation Texas.

BCE continues to implement school wide PBIS effort with success. Students are recognized for academic and attendance achievements by faculty and staff through awards, incentives and celebrations.

## 2.6: Address needs of all students, particularly at-risk

All classrooms have at least 4 computers, and a data projector that is used daily. Many teachers also have an "elmo" that is also used daily. The campus has three computer labs that are used daily. Every student is in one of three computer labs at least twice each week. Typical uses of the labs are for assessments or computer aided instruction (CAI) in reading and mathematics. There are several software programs that are used consistently by teachers such as Lexia, I-station, Reading A to Z, Renaissance learning, STEM Scopes, and others. We currently have a technology committee and a 5 year Technology Plan, which was developed by the committee. The plan includes replacement and upgrade of equipment to ensure that our students are provided with the
opportunity to have access to the latest technological equipment and software to assist in the acquisition of skills in the core content areas: ELA/SLA/reading, math, science, and social studies.

Teachers meet as a PLC every week to plan instruction, identify students in need of interventions, analyze data, and design the interventions that meet the needs of the students. They have identified students who mastered STAAR the previous year, and are continuously monitoring performance in Unit Assessments, weekly assessments, and daily performance to ensure "No one goes backwards".

Our migrant tutor and migrant program tracks the migrant students and provide us with a monitoring list on a quarterly basis to ensure that students who are failing are receiving interventions and services to help them improve and help them succeed.

Response to Intervention is afforded to every student three times per week during the school day during "Eagle Time." Enrichment time is offered to every student on Fantastic Fridays allowing students (regardless of gaps) to enjoy hands-on STEM activities, music, art, or literature. A schedule has been developed to ensure Eagle Time and Enrichment time for every student at BCE.

## ELEMENT 3. PARENT AND FAMILY ENGAGEMENT (PFE)

## 3.1: Develop and distribute Parent and Family Engagement Policy

PAC meetings are held on a monthly basis. The first meeting is to distribute the Title 1 Funding information as well as present the various programs available to help students succeed. During the PAC meetings the Family Engagement Policy is presented, reviewed, and revised as needed with the input from the parents. It is also during the PAC meetings that the School-Parent Compact is developed with the assistance of parents and community members. Both of these documents are created in English and Spanish and will be made available throught the school website (electronically). The School-Parent Compact is discussed and distributed during our first Parent-Teacher Conferences.

## 3.2: Offer flexible number of parent involvement meetings

PAC meetings occur monthly through our "Coffee with the Principal". These meetings are offered in the morning and in the evening to ensure that parents who work have the opportunity to attend. The meetings are bilingual (Spanish and English) to ensure that all parents understand the information being disseminated.

The campus has a strong Mother/Daughter Father/Son program with more than thirty members. BCE hosts Grandparents' Day, an open house that occurred the week before the first day of school, student performances, awards assemblies, and we recruit parents and community members to be voting members on the governing board. The parent liaison has recruited parent volunteers, bringing our total parent volunteers to 45 members. The parent liaison will continue to host parent meetings throughout the school year, conduct home visits for families in need, and coordinate classes for parents. One of the initiatives for this year is to engage parents in order to promote daily attendance of students.

All communications go out in two languages (Spanish and English): School messenger, flyers, monthly calendars, teacher contact with parents through phone, apps and letters, and administrative contact with parents.
